

WHAT IS DERMAPLANING?

Dermaplaning is a physical exfoliation that utilises a specialised instrument that is designed to scrape away accumulated dead skin cells and vellus hair.

It is a comfortable, relaxing procedure that can be combined with other services to improve their efficacy.

Dermaplaning

WHO IS DERMAPLANING FOR?

Dermaplaning is ideal for women of all skin types and colours in their 30's and beyond, who are in good overall health and interested in improving the health and appearance of their skin.

WHAT RESULTS CAN I EXPECT?

Brighter, softer skin that glows with renewed health. You'll also notice a reduction in the appearance of fine lines, hyperpigmentation and acne scars.

HOW SOON WILL I SEE RESULTS?

Your results are immediate. this is one of the great things about dermaplaning. No downtime and no waiting to look your best. This is the perfect treatment before an important social event.

HOW LONG DO TREATMENTS TAKE?

Dermaplaning treatments can be as short as 30 minutes or can be part of a 60 or 75-minute facial treatment that incorporated enzymes, extractions, masks, infusions, light therapies and/or chemical peels.

HOW OFTEN SHOULD I COME IN FOR DERMAPLANING?

You'll love the way your skin looks and feels from the very first treatment. We recommend coming in every 4 weeks to maintain the results and continue to see improvements.

WHAT ARE THE BENEFITS OF DERMAPLANING?

- **Improvements in skin tone, texture, and appearance**
- **Removal of dead skin cells and vellus hair**
- **Makeup glides on easily so less is needed to look your best**
- **Great for all skin types and colours**
- **Will not aggravate broken capillaries**
- **Unlike waxing, can be performed on clients using Retinols**
- **Minimal risk of post-procedures breakouts**
- **There is no downtime**
